

SAIN

SINCE 1973

In the pursuit of **Humanity**

To invent. To create. To solve; for Humanity.

company profile

SAIN

Caring People... Caring Nation...

Stepping in its 5th Decade of service to Human Healthcare, **SAIN MEDICAMENTS PVT. LTD.** has established itself as the leader in formulating the *Best Quality Healthcare Products*.

ABOUT US :

With an objective to serve mankind by producing High Quality Pharmaceutical Formulations, the SAIN Group was founded in the early 1970's. The Patriarch of the Group, **Sri Radheshyam Ji Kanodia** had sown the initial seed of success with the establishment of **SAIN MEDICAMENTS**.

Today, with 4 divisions under its banner, the SAIN group has become one of the leading pharma groups in the global pharmaceutical market with each of its division offering a specialized range of products. **SAIN MEDICAMENTS PVT. LTD.**, the flagship company of the group, has been the backbone of all the groups' activities.

With an aim to establish its products in various parts of the world **SAIN MEDICAMENTS PVT. LTD.** has setup its first full-fledged **ISO** and **WHO-GMP** certified manufacturing unit situated in Hyderabad (INDIA) in 1973. Today all the units of SAIN are equipped with ultra modern equipment and an in-house sophisticated Quality control department.

We are licensed to manufacture various dosage forms such as **TABLETS, CAPSULES** (Hard Gelatin and Liquid Filled Hard Gelatin), **SYRUPS, DRY SYRUPS, POWDERS** and **SUSPENSIONS**. **SAIN** is also awarded with the latest Schedule-M certification.

Today, with its wings spread **PAN-INDIA** and across **10 countries** in over **3 continents** **SAIN MEDICAMENTS PVT. LTD.** has successfully carved a niche for itself by making its presence felt strongly both in the domestic as well as in the international market.

WHY SAIN ?

We are a committed and competent team of professionals with rich industry experience. Our prime focus is to follow the path of excellence by creating world class facilities in terms of infrastructure, systems and people of various disciplines to develop distinguished High Quality Pharma Formulations at highly affordable prices.

Proudly serving
Human healthcare
since 1973.

OUR MISSION:

We at **SAIN** are dedicated to the highest level of scientific excellence and commit our research to improving human healthcare. Our mission is to strive to identify the most critical needs of our patients all across the globe, and devote our resources to meeting those needs by developing safe, effective and affordable solutions.

OUR VALUES:

We are committed to the highest standards of ethics and integrity. We are responsible to our customers, to our employees and their families, to the environments we inhabit, and to the societies we serve worldwide. In discharging our responsibilities, we do not take professional or ethical shortcuts. Our interactions with all the segments of the society are transparent and reflect the high standards that we profess.

We value, above all, our ability to serve everyone who can benefit from the appropriate use of our products and services.

OUR QUALITY :

At **SAIN** we believe it is our ethical and regulatory responsibility to monitor the safety of the medicines we develop from their first introduction in the research laboratory, throughout its development, and for as long as they are prescribed to patients anywhere in the world.

Having been certified by both **ISO** and **WHO-GMP** Certificates, activities at **SAIN** are carried out strictly under to expert guidance / supervision of highly qualified technically competent personnels who with their skills have developed the entire range of products.
